The David School

Education Changes Lives

David travelled to Sierra Leone in July to visit the school before the term ended for the summer holidays.

End of Term Celebration Feast

As mentioned in the last newsletter, a major problem for the pupils is lack of food, and subsequent health problems. It was therefore decided to buy food and feed all the pupils the day before school closed.

The community's ladies prepared and served the food.

350 pupils were given a meal, and they all thoroughly enjoyed it.

This was paid for by kind donations from Rotary Clubs of Peterborough, Ramsey, & Peterborough Minster

Following David's talks with the Ministry of Education, it is hoped that a feeding programme will be set up from September 2017, but until then, it is hoped to raise enough money to feed the pupils once or twice a week. If you feel you can help with this please email David on wallwork26@btinternet.com

The pupils, community and trustees thank you for your on-going support.

Without it, the David School Trust would be unable to continue its work.
